

### **EPS - Datasheet**

## Series E/PS 10000 3U

EPS's Electronic Power Supplies »E/PS 10000 3U« series programmable power supplies are especially suitable for test systems and industrial controls, but also for laboratories and repair shops, due to their compact construction in a 19" enclosure with 3U height units. DC output voltages between 0-60V and 0-2000V, output currents between 0-20A and 0-510A and output power ratings 5/10/15kW are available. The very high efficiency is up to 96%.

All models are controlled by microprocessors for fast and exact measurement and display of actual values. Setpoints and actual values, status displays and messages are clearly displayed on an intuitive 5" TFT touch panel. The devices feature a manually callable, An HMI operated visual depiction of the temporal run of the actual values of voltage, current and power, called the GRAPH, is possible.

.

For remote control the devices are provided as standard with Ethernet, USB port on the back as well as a galvanically isolated analog interface. Via optional plug-in inerface modules, other digital interfaces such as Profibus, ProfiNet, Modbus TCP, CAN, CANopen, EtherCAT or RS232 can be added. These enable the devices to be connected to standard industrial buses simply by replacing or adding a small module. The configuration, if necessary at all, is simple. Thus the power supplies may, for example, be operated with other power supplies or even other types of equipment or controlled by a PC or PLC, all using the digital interfaces.

The data recording can be done on USB stick (logging). All interfaces are isolated to the unit with 1000V DC (up to 360V output) and with 2000V DC (more than 500V output).

In addition, the devices offer as standard the possibility for parallel connection in Share bus operation for constant current sharing plus a genuine master-slave connection with totaling of the slave units is also provided as standard. Using this operating mode, up to 64 devices can be connected to form a system that offers an increased total output of up to 960 kW.

The devices are CE, UL as well as CSA certified.

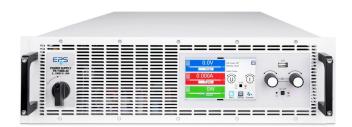

Further options are the calibration with protocol, warranty extension and 19" racks.

Energy efficiency: Auto-ranging, high efficiency, temperature-controlled fans

Scope of delivery:
Power Supply Unit
Test report
AC connector plug (clamp type)
Set for AC cable strain relief
Set DC terminal cover
2x Plug for Remote Sense
Terminal cover sense
USB cable 1,8m
USB-Stick with documentation and Software

## **Interfaces**

| Analog Isolation   | Standard                       |
|--------------------|--------------------------------|
| Accuracy Interface | 0-10V <= 0.2%; 0-5V <=0.4%     |
| USB Interface      | Standard                       |
| RS232 Interface    | Option EPS/IF-AB R             |
| CAN Interface      | Opt.EPS/IF-AB-CAN/O            |
| Profibus           | Option EPS/IF-AB PB            |
| Ethernet Interface | Standard, Opt.IF-ETH2P         |
| Ethercat Interface | Option EPS/IF-AB-ECT           |
| Software           | Standard EPS/PC, Option EPS/MC |

## **Technical data**

| Output Voltage                | 0-360 VDC                    |
|-------------------------------|------------------------------|
| Output Current                | 0-40 A                       |
| Output Power                  | 5kW/ 3kW derating            |
| Input Current                 | 2x 16A                       |
| Efficiency                    | <=95,5%                      |
| Ripple U                      | 320mVpp(20Mhz)/55mVrms(300k) |
| Ripple I                      | <18mArms                     |
| Resistance Adjustment Range 1 | 0,3520 Ohm                   |
| Resistance Resolution Range 1 | 0,01 Ohm                     |
| Remote Sensing                | Standard                     |
| Dimensions in mm (WxHxD)      | 483 x 133 x 668              |
| Weight                        | 18 kg                        |
| Order code                    | 200873                       |

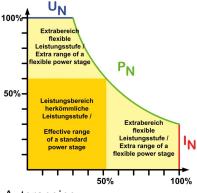

## **Options**

| Option 1 | Calibration with protocoll EPS/I10000 CAL   |
|----------|---------------------------------------------|
| Option 2 | Extended Warranty 2 / 3 / 5 years EPS/Gx    |
| Option 3 | Modbus Interface 1/2 Port EPS/IF-AB MB1P/2P |
| Option 5 | EPS/BNC Cable Share-Bus connection cable    |
| Option 6 | EPS/SL 4x 2x AWG Master-Slave patch cable   |
